EDITORIAL

Well, here it is. The first full issue of our brand- spanking new comic! The book you are now holding is the result of months of hard work by a number of dedicated individuals. To make a long story short, here's how it happened... I met Jess G. Williams (the real FAT FREDDY) at a benefit concert for Rainbow Valley were my band (I DEFY) was performing. Teena and I just had to meet this living legend!! Well, one thing led to another, and within weeks Jess and Teena became an item. Jess soon moved in with Teena, right across the street from me. As we all grew closer, Jess made it clear that he wished someone would help him put out a new comic to educate the masses about the "Drug War". Me and my big mouth! I volunteered to do it, not realizing making a comic book is no easy task!! – The fact that we are all still friends is, in itself, a minor miracle. We've run the entire emotional gamut and now you have the results. It's rough, it's raw, but IT IS a beginning. Included in these pages are true stories both tragic and amazing, sad and beautiful. Not wanting the book to be too serious, we've added some silly stories to make you smile while you think over the heavy stuff. There is a lot more in store for you in the upcoming issues. More true stories of real FREEDOM FIGHTERS, more goofiness from Smokemon, more talented artists & writers, contests, and maybe we'll even do one of these in color someday! This book is going out worldwide, and we really do have something to say. THE DRUG WAR IS WRONG!!!! You know it, I know it, heck, even dogs know it! Now, we have to start spreading the message. Please, if you know how we can do this better, let us know ASAP. Send us your stories, ideas, pin-ups, art, anything that applies. The more the merrier! Before I split, here is a list of people I would like to thank for all their help, guidance, inspiration, etc. Jimmy Palmiotti (for the "Pineapple" lesson at the Seattle Con) Laurence Cherniak for showing me there is always another way to look at things, Jess,Teena, Dale, RONG (Justin), Jesse, Nick, Jello Biafra, Amber Klein and our beautiful new baby girl Nova Simone, Steve Minor, O'learys, Spider's Web, Green Cross, Gilbert Shelton, All at Rip Off Press for their support, you, and my Higher Power.There's tons of people I'm spacing on right now, but not to worry, I'll get to you soon. Besides, you know who you are, and you'd probably like to remain anonymous!

Thank You for taking a chance on us!

Jason McKibbin - All around swell guy/Your humble servant.
